Dear Dr. Watson,

May I trouble
you to tell me whether there
is still a copy of Sullivan's
"Musci Alleghaniensis" which
could be bought - and the
price. Also the "Icterus
Muscorum".

Of the Mosses of the Clarence
King expedition (1868) Nos.
1450, 1457, 1457^a, 1472, 1472^a & 1480,
are not named on the labels,
nor in the report, except 1450
and it has been corrected on
the label.

May I ask you how I may
obtain the correct names.

Respectfully

E. H. Leathcraft -
